UTAH GEOLOGICAL ASSOCIATION COPYRIGHT TRANSFER FORM

The Utah Geological Association is obligated by law to obtain copyright of works by authors before they can be accepted for publication. Non-U.S. Government authors need to complete Part I. U.S. Government authors need to complete Part II.

Title of work: _____

Author(s): _____

PART I. Copyright Transfer Agreement

In consideration of the Utah Geological Association's acceptance of the work named above for publication, I hereby assign and transfer to the Utah Geological Association copyright and all rights under it for the duration of the copyright term. I have the consent of each co-author, if any, to transfer copyright of the above work. I confirm that the work is original, has not been previously published, and is not under consideration for publication elsewhere.

Author(s) reserves the rights to extract properly referenced text, figures, and tables from the work for use in oral presentations and future works, and to make copies for use in research or education. This agreement does not restrict the use of data contained in the work named above.

In the event the Utah Geological Association does not accept the work for publication, the work will be returned to the author, and this agreement will be null and void.

Signature (senior author): _____

Name (print or type): _____

Affiliation: _____

Street Address: _____

City, State, Zip: _____

PART II. United States Government Works

If the above work was prepared entirely by employees of the U.S. Government acting in their official capacities, the work is in the public domain and cannot be copyrighted.

I certify that the above-named work was prepared entirely by an employee(s) of the U.S. Government as part of my (our) official duties. I confirm that the work is original, has not been previously published, and is not under consideration for publication elsewhere.
